# FREE GAMES:

Note: BBO has partitioned their site so that free games and solitaire play are on a different server than pay to play games. This means that you must be on the right server when the game starts. It also means that your convention card from the pay side is not available on the free side.

#### Scroll Down/Search "Support" to find the pending SYC Game and click on the line to enter

Your partner must be online and accept your invitation or the invite will fail. Once a game starts you cannot enter. You must be on time.

The **Virtual Club Game** (VCG) is run by a director you know and combines player lists from one or more games you have played in in the past year. You will play against players you know and one or two pairs that help fill in the movement. The card fee depends on the game owner and all profits go to the owner of the virtual sanction (after ACBL and BBO fees).
